PRESS RELEASE

**Book your parking slot at the airport,
Quickly, easily and from your home,
Using the «Online Booking»!**

Hermes Airports is delighted to announce the launch of the electronic parking reservation system for both Larnaka and Pafos International Airports. The service which is available to the public online via the Hermes website, offers secure and prepaid long term parking space at both airports in a fast, easy and practical way.

The «Online Booking» offers a variety of options to the user, such as the possibility to choose between covered or uncovered parking space, the purchase of linked services available to clients (Lounge facilities) and the purchase of tickets for a speedy passage through the airport's checking points (Express lane). The users of the «Online Booking» service can also benefit from significant discounts as the online charges are up to 30% lower for long term parking, over 24 hours.

By utilizing the new online service, the public saves valuable time by avoiding the need to use the automatic payment parking machines when returning to Cyprus. The new service also guarantees an easy, fast and safe online payment process through a mechanism which fully meets with all the international standards and conditions for safe online purchases.

Hermes' main and continuing goal is to offer high quality services to the public through the provision of modern technology and services that respond effectively to the needs of the traveling public.
